

DOUBLE Your Service Rate

Double Your Service Rate GUARANTEES To Increase Your Profits By 400% & Get You Way More Clients

WE WILL QUADRUPLE YOUR PROFITS

How can we Quadruple your profits....simple – instead of earning 25% margin on the service(s) you offer restaurants, we can show you how to change that to 125% margin – so instead of invoicing a restaurant \$500, for example, and netting \$125, Easy Competitive Advantage will actually pay the bill for the restaurant and pay your company up to double the amount so a \$500 invoice can put \$1,000 into your account. What is the catch? No catch if you work with at least 25 Sit Down Restaurants in a single market and are capable and motivated for massive growth. The only other catch is this offer and website are very temporary and will disappear once we secure 3 top level restaurant service companies in 3 introductory markets.

THERE IS NO CATCH

You are already asking yourself, “What’s The Catch”? Well there is **ZERO Catch** if your company currently works with Sit Down Restaurants and/or has the capability of growing that market segment quickly and massively. **Grow Restaurant Profits (GRP) earns all revenue through a Restaurant Dining App called BOGOmazing** which gives restaurant consumers/ members who pay \$29.95 per month unlimited BOGOs on

Entrees at select restaurants in their market. From this **\$29.95 per month membership fee** collected from 1000’s and 1000’s of members (10,000 members alone generates approximately \$300,000 in monthly membership fees), over 50% is returned to restaurants in the form of Monthly Revenue Sharing Cash Commissions and also covers the cost for your service and the cost to double what the invoice rate you billed the restaurant. There actually is **ONE CATCH – this offer will disappear quickly once GRP finds just a few well networked restaurant service business** in select markets out of over 2,000 businesses we have prequalified so if you want to have the hugest competitive advantage any business could have in their market segment and make profit margins no business could ever dream of making in your industry, **please fill out the application now to speak to the CEO of GRP.**

If Getting Paid DOUBLE What Your Currently Charge Your Customers For Your Service & Being The Only Company In Your Industry Being Able To Do So Sounds Like A NO BRAINER, APPLY NOW!!!

Everything You Need To Know

How Long Will Double Your Service Rate Be Available?

This opportunity will vanish quickly as it is just being used to launch initial markets for BOGomazing. Once these markets have been established, GRP and BOGomazing will not be forming new partnerships with Restaurant Service Providers.

What Is GRP?

GRP, Grow Restaurant Profits, is the parent company of Double Your Service Rate and the creator of the BOGomazing Restaurant Dining App.

What Industries Are Ideal For The GRP/Double Your Service Rate Platform?

Ideal businesses are Restaurant Hood Cleaners, Pest Control, Linen & Towels, Credit Card Processors, Beer-Wine-Liquor Distributors, Food Wholesaler, Restaurant Supply, Produce Delivery, Seafood Delivery, Window Cleaning, Carpet Cleaning, Fire Safety. GRP is open to any business that works with a significant amount of Sit Down Restaurants. Depending on your service/product is purchased by the restaurant will affect how your Cash Back is structured. Once an application is received, the details on getting Double Your Service Rate for your product and/or service will be outlined.

Will I Truly Be The Only Service Company In My Market Allowed To Give A Service Away?

You can easily qualify to be the only service company in your service industry with just 50 Sit Down Restaurant Referrals. Depending on market size and your ability to service as many restaurants as needed in the BOGomazing App will determine if a 2nd Service Industry business in a non-competing industry would be brought on board. Ideally GRP is looking for one service industry per market in up to 3 markets who is poised for massive growth.

How Do I Get Paid By GRP After Rendering Service To A BOGomazing Restaurant Sponsor?

You get paid immediately after uploading a copy of the actual invoice to your GRP Double Your Service Rate Software Portal. Payments will be made either by a GRP company credit card or direct deposit. The invoice uploaded must match the one given to the restaurant as well which will also be available in the BOGomazing Restaurant Software Portal.

How Do I Earn Up To Double Pay For Invoices Submitted?

You earn anywhere from 100% to 200% of an average service invoice total and that total simply relates to the number of restaurants that sign up to get your service for FREE and who also become a BOGomazing Restaurant Sponsor. Since service intervals and rates vary from industry to industry and also market to market you can view a chart on Double Your Service Rate.com in the Q&A that shows how much monthly BOGomazing Revenue is allocated based on two factors which are the number of your restaurant clients you sign up over a 30 day period and the number of BOGomazing Referrals each restaurant has.

Can A Restaurant Cancel Their GRP BOGomazing Restaurant Sponsorship At Any time?

YES, any restaurant can cancel at any time to immediately be removed from the app and terminate 100% of their GRP benefits to include your free restaurant service and their monthly revenue sharing income. In all reality, few, if any restaurants would quit BOGomazing and the GRP Platform as the total value of what the restaurant will average is \$10,000+ Monthly which is significant compared to the very small redemption cost of serving BOGomazing members.

How Does The Restaurant Earn Money That Goes Toward Paying My Invoices?

The amount of money that will get allocated toward paying your invoice is related to the number of BOGomazing Referrals the restaurant has active combined with how many restaurants you brought on board your first 30 days. The restaurant earns \$1.00 Per Month in Service Credit and you qualify for 50% to 100% of the \$1.00. For example, at the Platinum Level (75-150 Restaurants) and with the restaurant having 250 Active BOGomazing Referrals, the restaurant earns \$250.00 per month in service credit and you can earn 100% of that amount which for most service businesses would double their monthly invoice amount. Service Credits accumulate so if your service is done twice per year such as with Hood Cleaning, the amount available would be \$1,500.00 which would double the average Hood Cleaning service amount.
